# HISTORICAL LANDMARKS

1

## Ancient Smyrna

2

## Roman Era

In the 2nd century BC, Smyrna came under Roman rule. This era witnessed significant development, including the construction of impressive structures like the Temple of Artemis

3

## Ottoman Empire

During the Ottoman Empire, Izmir thrived as a major commercial hub. The city's architectural landscape was transformed with the construction of mosques, hamams, and grand houses.

4

## Modern Izmir

Following the decline of the Ottoman Empire, Izmir emerged as a modern metropolis.

# *Geography & Climate*

**Izmir is located in the west of Turkey and is known as the pearl of the Aegean region. It is Turkey's third largest city. The average temperature is eighteen degrees. Izmir enjoys a pleasant Mediterranean climate, characterized by hot, dry summers and mild, wet winters.**

# ENCHANTING SPOTS TO VISIT

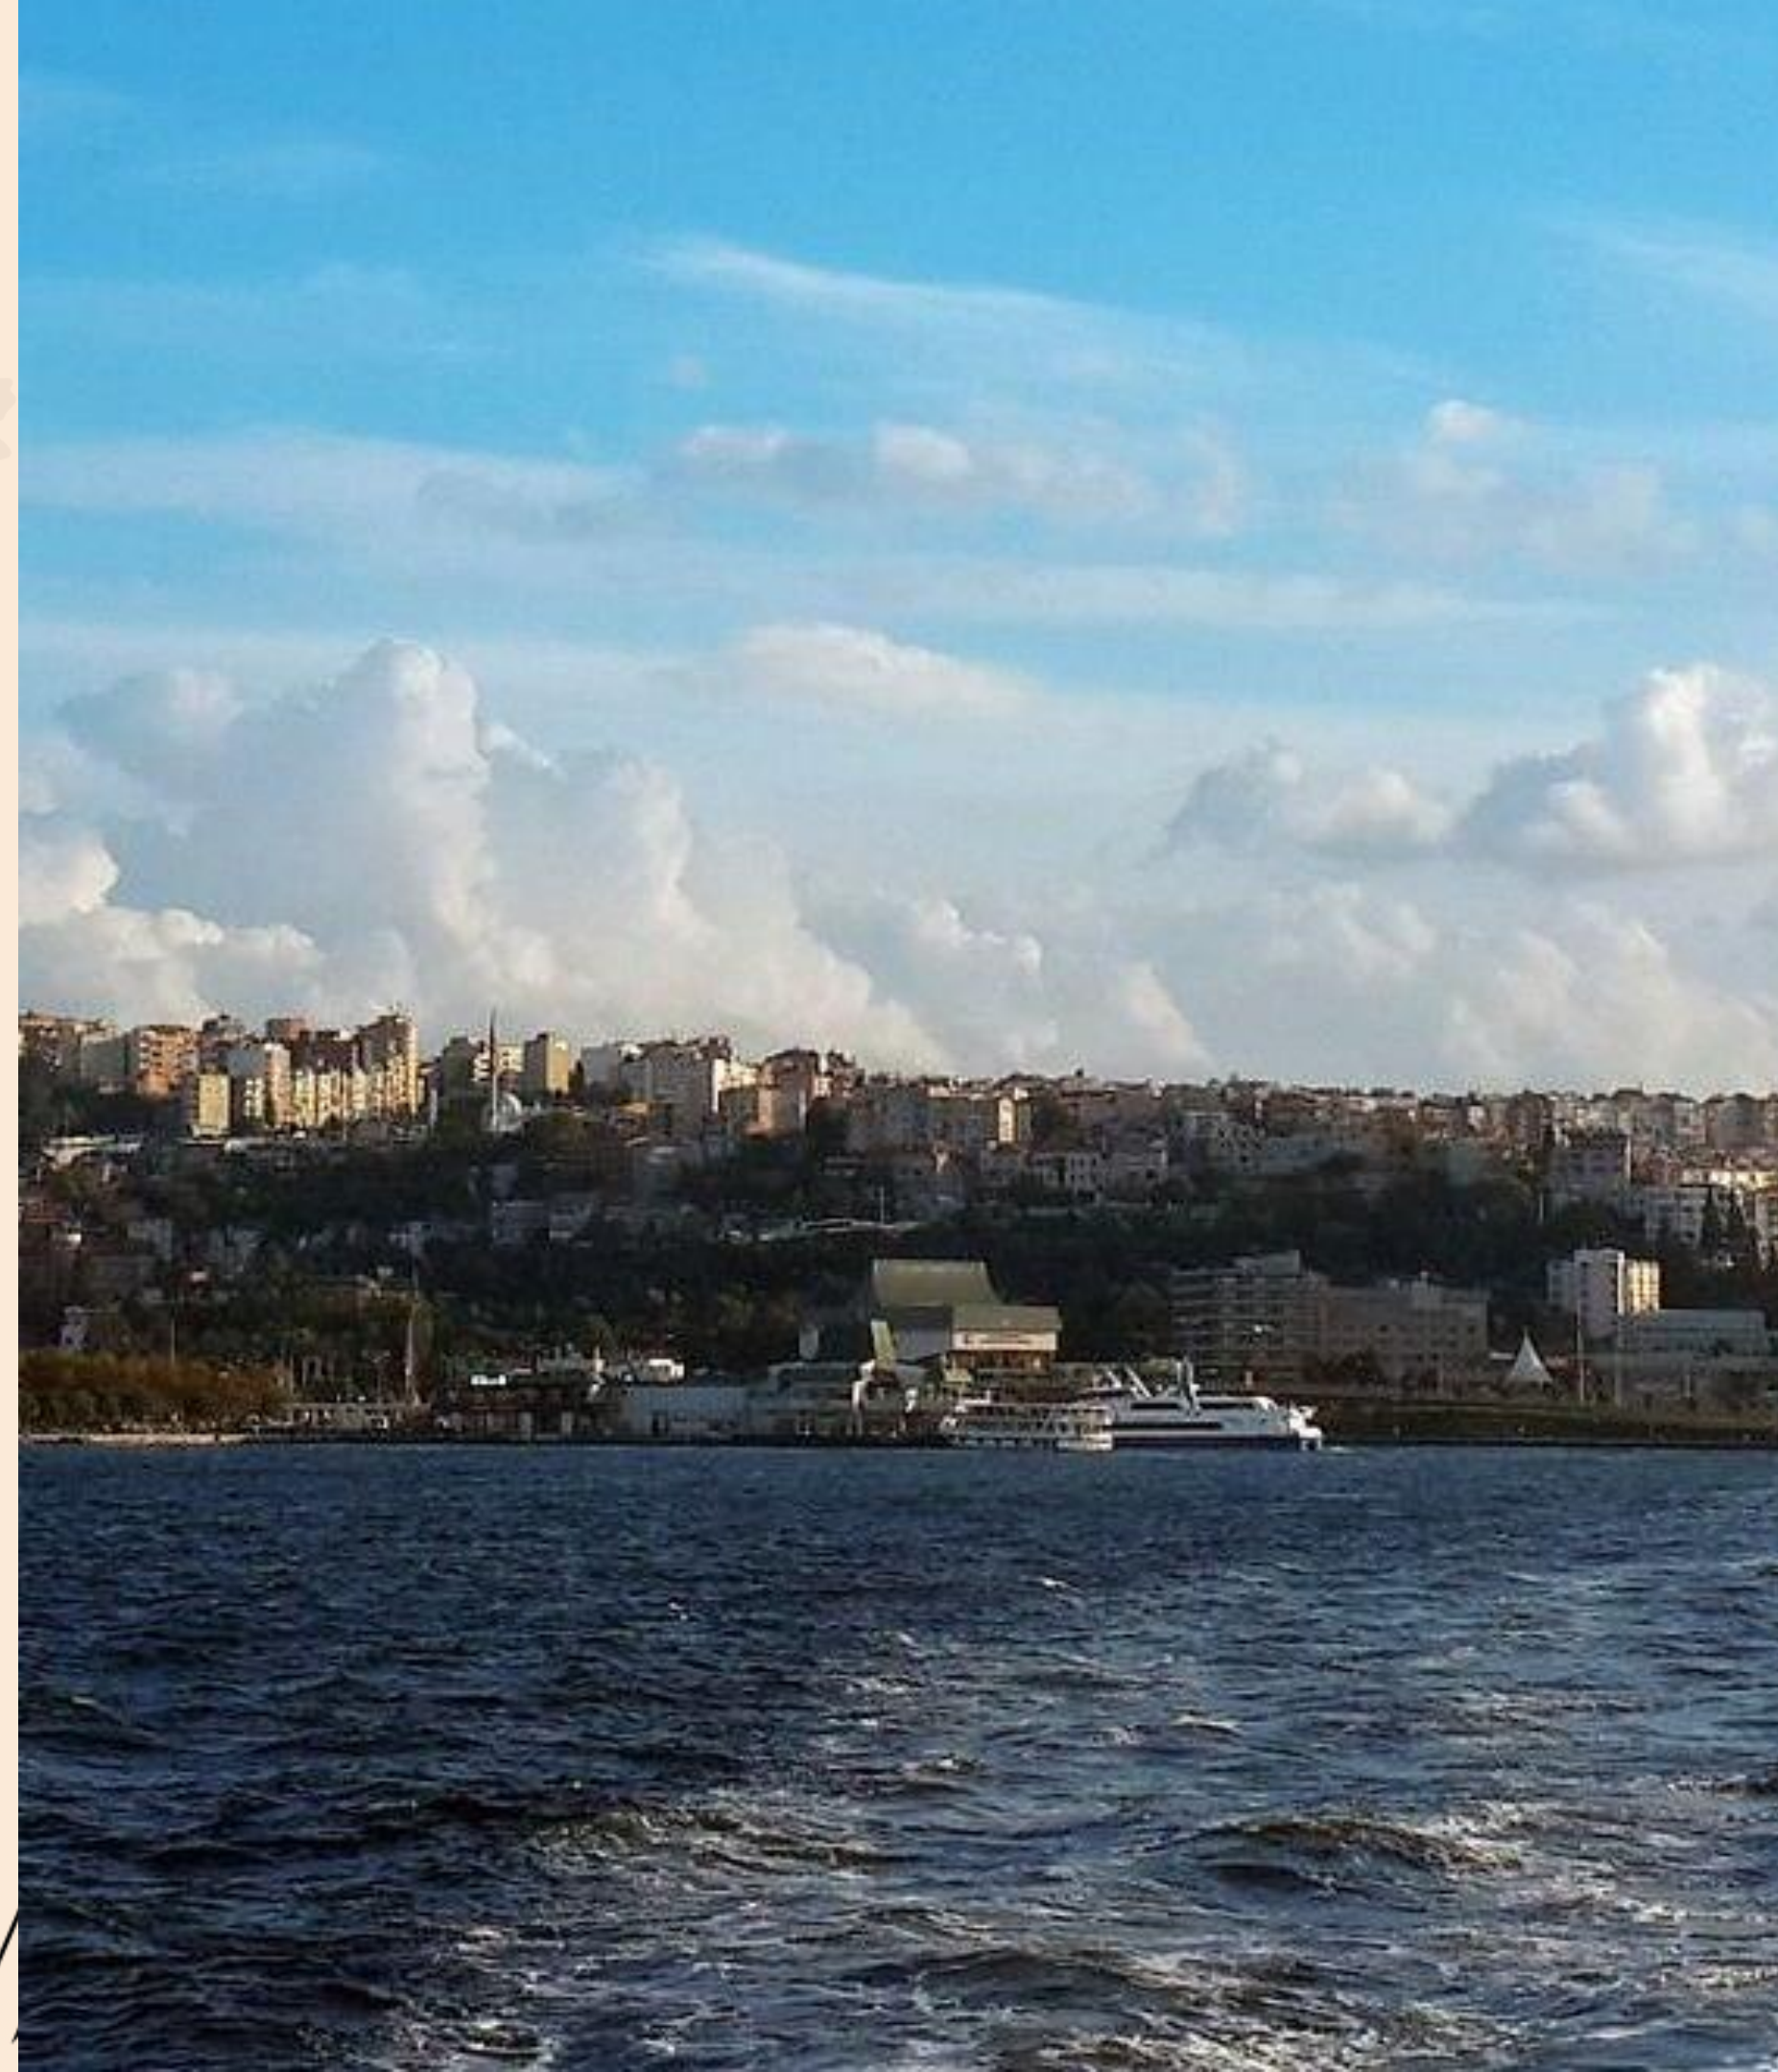

Kemeraltı Bazaar	A historic covered market brimming with vibrant colours, aromas, and local crafts.
Clock Tower	An iconic landmark and symbol of Izmir, offering panoramic views of the city.
Agora	Ancient ruins of a bustling marketplace, providing a glimpse into the city's rich history.
Konak Square	A lively public square surrounded by historical buildings and cafes, offering a taste of Izmir's urban life.
Çeşme	A beautiful coastal town known for its pristine beaches, charming streets, and vibrant nightlife.

# Çeşme

**Cesme, which is 80 km away from İzmir is a holiday resort with excellent accomodations and restaurants. Restaurants in Dalyan Köy are the most popular places for eating fish and watching the beautiful, clear, blue waters of Çeşme.**

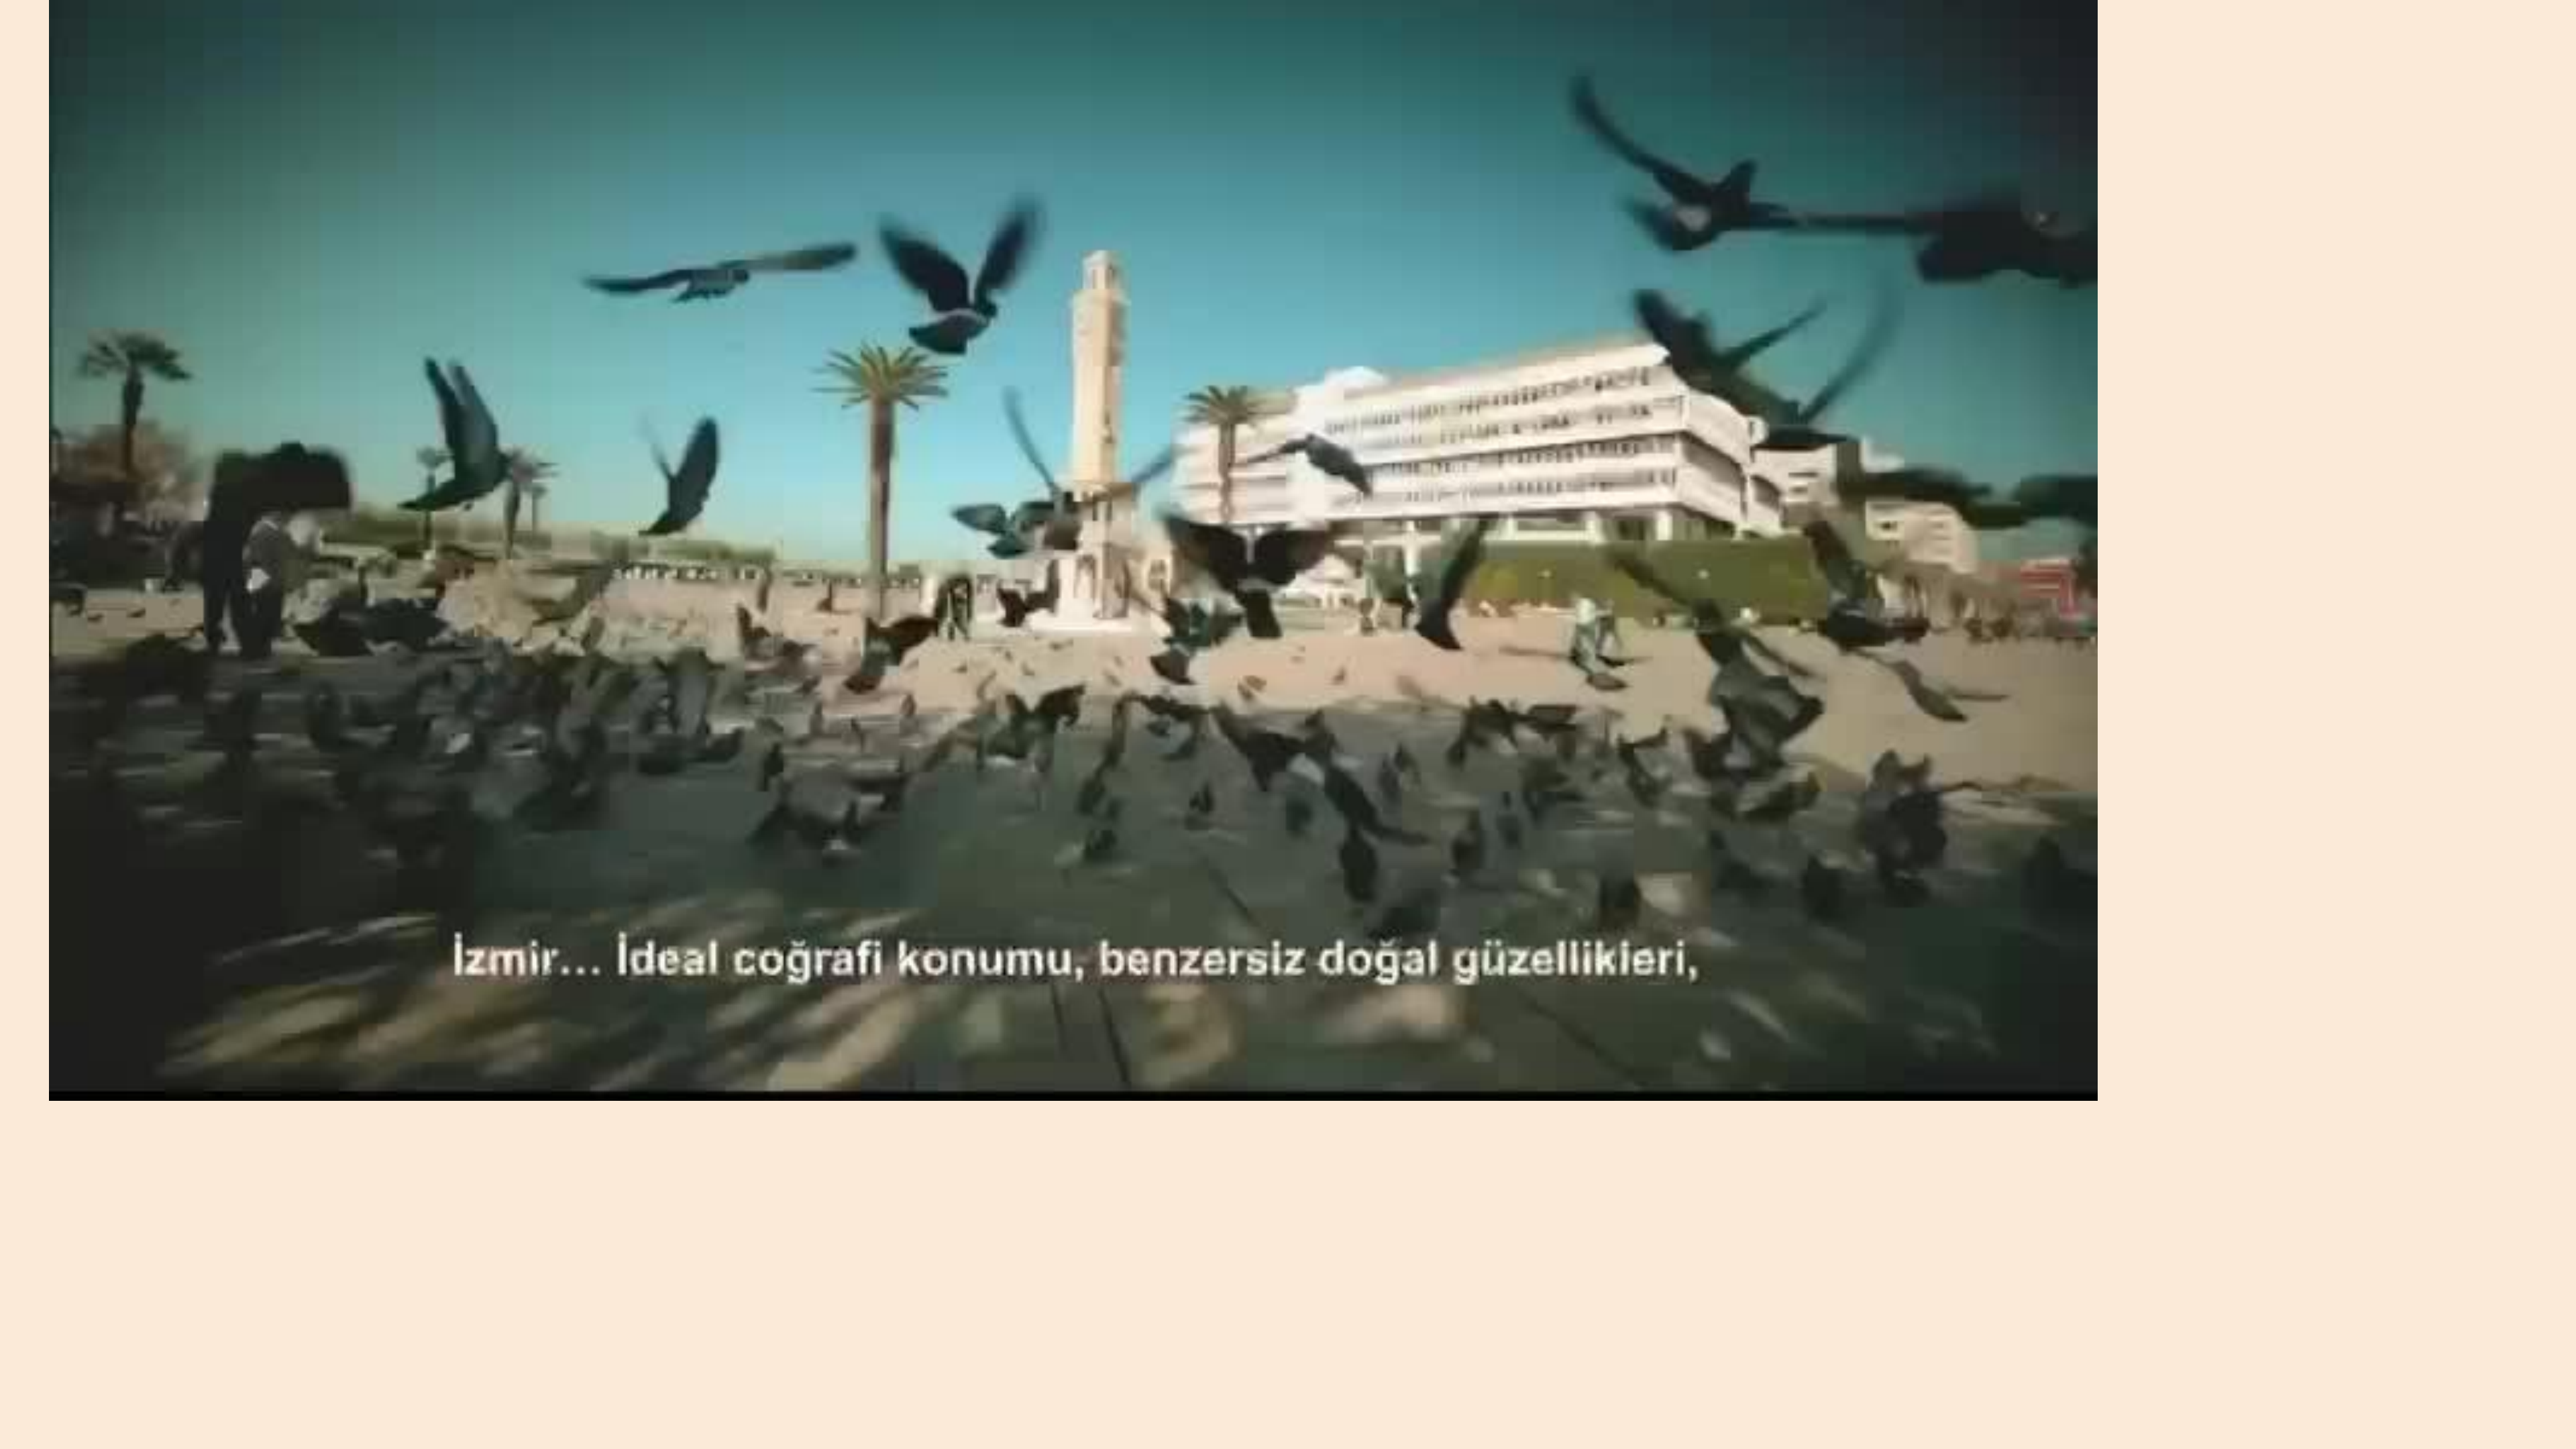

# FAMOUS DISHES OF IZMIR

**İzmir meatball**  
**İzmir Bomb**
